

The students when in Taiwan

FST STUDENTS GO TO TAIWAN

Faculty of Science and Technology (FST) Universitas Airlangga recently sent its eight Environmental Engineering majors for an exchange program to Taiwan. Taking place at Chung Yuan Christian University (CYCU) the students are going to explore the lessons taught there for more than two months.

The eight students are Isni Arliyani, Claudia Deborah Pretty Matondang, Ida Ayu Indira Dwikasari, Lyndi Monicawati Siswanto Putri, Alifia Rizqi Ananta, Mohammad Syaifuddin, Lintang Tubagas Rahmatullah, and Hilmi Putra Pradana.

Before leaving for Taiwan, on Tuesday (20/11) the eight representatives took advice from Dr. Hartati, Dra., M.Si., the faculty's Vice Dean I. She encouraged them to be the leading pioneers for their juniors to join the same exchange program the following years.

"You are the pioneers sent to CYCU. Make a good first impression to the students and professors of the university," Hartati advised. (*)

Internationals representatives in WUACD Kick-off Meeting

HOLDING WUACD KICK-OFF MEETING

Universitas Airlangga makes continuous efforts to spread their contribution at the international level as one of the best universities in Indonesia. One effort is realized in the initiation of World Universities Association for Community Development (WUACD) on Friday (30/11) in Amerta Hall, Management Office 4th floor, Campus C

Universitas Airlangga. The initiation took the form of an event called WUACD Kick-off Meeting Universitas Airlangga.

In the future, WUACD will be completely integrated into the Association of South-east Asian Nations (ASEAN), Japan, Korea, China, Australia, Africa, Europe, and the USA.

The Rector of Universitas Airlangga, Prof. Dr. Muhammad Nasih, SE., MT., Ak., CMA., when met during the event mentioned that the WUACD initiation arose from current facts, particularly new and existing world problems which were in need of serious concerns from all parties. "Tackling them needs a mutual work, so that synergy can be gained," he said. (*)

BUILDING COLLABORATION WITH AMSTERDAM

As a form of concern from its academic society to the surrounding community and to the development of collaborative research and collaborative engagement, Universitas Airlangga regularly conducts scientific discussions on social problems. The latest was held on Thursday (29/11) in Adi Sukdana Hall, Faculty of Social and Political Sciences (FISIP) 2nd floor, Universitas Airlangga.

Information and Public Relations Center (PIH) of Universitas Airlangga in corporation with Amsterdam Institute of Social Science Research (AISSR), University of Amsterdam, the Netherlands on Thursday (29/11) held a regional symposium titled

The atmosphere in the Regional Symposium “Decoding the Labyrinth of Conflict: To Explore the Learning of Post Reformation Conflict Resolution from Maiyah Nusantara Movement” on Thursday (29/11).

“Decoding the Labyrinth of Conflict: To Explore the Learning of Post Reformation Conflict Resolution from Maiyah Nusantara Movement”.

The Head of Information and Public Relations Center Dr Suko Widodo when he opened the symposium mentioned that Maiyah had been a public room which was literally public. That meant Maiyah had

been a medium for every part of the society to discuss and learn from each other.

“Maiyah prioritizes fellowship. It is an Indonesian cultural value which starts to be eroded by modernity,” he said on Thursday (29/11).
